

Former and current players, parents and friends of Delaware Field Hockey have the opportunity to be a part of the field hockey locker drive through the naming of commemorative plaques for current player lockers. By contributing to this project, donors will help to create a “home away from home” for current and future players, as well as leave a lasting impact on Delaware Field Hockey.

“This locker room will symbolize the hard work and accomplishments of all former and current players and coaches, and their contributions made to the program.”

Rolf van de Kerkhof  
UD Head Field Hockey Coach
