BLUE HEN RADIO NETWORK

BLUE HEN FOOTBALL ON THE RADIO

The 2009 University of Delaware season will mark the 11th year of Blue Hen football being broadcast on commercial FM Radio. This season, the University of Delaware and Clear Channel Communications begin the first of a two-year contract extension that includes a comprehensive, multi-media rights package that extends through the 2010-2011 season.

The deal, between the University of Delaware and Clear Channel Communications, includes broadcast rights fees for all Delaware football, men's and women's basketball games and promotional considerations.

WDSO 94.7 FM, the only station with statewide coverage in Delaware, will once again be the flagship station for Blue Hen football, with coverage throughout Delaware, and parts of Maryland, Pennsylvania, and New Jersey. Games can also be heard on the Internet through the University of Delaware athletics homepage at: www.bluehens.com or at www.wdsd.com.

Play-by-play announcer and WDSO Sports Director Mike Corey, will return for his 11th consecutive year on the air. Glenn Frazer, will begin his second year as the analyst working alongside Corey up in the booth. Matt Janus, in his third year with the crew will be sideline reporter for the second consecutive season, and Matt Ryan returning for his fifth consecutive season will be the on-site producer for the second straight year alongside Corey and Frazer, and will join the crew on the pre-game, half-time and post-game shows. Once again joining the pre-game show as a weekly guest for the sixth consecutive year will be Kevin Tresolini from the News Journal. Colin Coulahan, will be part of the crew for the fourth straight season, third as studio engineer.

WDSO, will once again begin its coverage of Delaware football games one hour prior to kick-off with the pre-game show, and during all home games the show will be live in the parking lot right outside the main gate of Delaware Stadium. In addition to the live broadcast, the pre-game tailgate will give away seat cushions before each home game.

Fans traveling to see the Blue Hens play on the road will once again have the ability to hear the WDSO broadcast of the game, by tuning in their radios to a certain frequency (determined the day before each game) at each away game site and hear the WDSO broadcast while at the game.

The K.C. Keeler Show, hosted by Corey, will once again be broadcast live every Wednesday night from 7-8 p.m. throughout the season. The show will once again take place at Klondike Kate's Restaurant on Main Street in Newark, with the first show to air on September 2.

The final show of the year is held the Wednesday following the final game of the season. The show will take phone calls from listeners, answer questions from the crowd, and have special interviews with Blue Hen players.
